

Tirelire Petit Déjeuner

Hit the slopes every day at 9 A.M?

From this winter on we provide you the service of Tirelire Petit Déjeuner.

How does it work?

By arrival we take care of a basket full of breakfast products, enough for the whole week. Think of coffee and tea, Abondance cheese and regional sausage, cereals, eggs and fresh fruit. (and much more!) Every morning we deliver freshly baked bread from the bakery.

At the same time, these products may be used as a snack during your day on the slopes. Once a week, we will do a check and refill.
